DETAILED ACTION

Response to Amendment

In response to the amendment filed December 6, 2005 in which the applicant submits terminal disclaimers and claims 1-18 are pending in this application.

Terminal Disclaimer

The terminal disclaimer filed on December 6, 2005 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of US Patent No. 6,315,664 and US Patent No. 6,676,516 have been reviewed and is accepted. The terminal disclaimer has been recorded.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Renato L. Smith Reg. No. 45,117 on March 13, 2006.

The application has been amended as follows:

Please add to page one of the specifications under the Priority Claim heading line 2, the phrase --now U. S. Patent No. 6,676,516-- between 09/990,693 and filed.

The change made was authorized by applicant's representative to update the continuing data in the application and place the application in condition for allowance.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor teach according to claims 1, 4, 7, 10, and 13, independently determine whether the selected indicator is a success indicator or a failure indicator, wherein the determination is based on the independent probability of success associated with the indicator in combination with the rest of the claimed limitations. The closest prior art Giobbi discloses a plurality of indicators, a processor for predetermined probability for success and failure and value associated with each success indicator but fails to disclose independently determine whether the selected indicator is a success indicator or a failure indicator, wherein the determination is based on the independent probability of success associated with the indicator in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alex P. Rada whose telephone number is 571-272-4452. The examiner can normally be reached on Monday - Friday, 08:00-16:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Xuan Thai can be reached on 571-272-7147. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
